

Church Walk CE Primary School
Sports Premium funding and plans 2015-2016

In April 2013 the Government announced new funding of £150 million for Physical education and sport in schools. This funding should be used to improve the quality and breadth of P.E. and sport provision. Funding has been allocated to all schools with Primary aged pupils from September 2013. Schools are free to determine how best to use this funding to improve the quality and breadth of P.E. and sport provision, including increasing participation in P.E. and sport so that all pupils develop healthy lifestyles and reach the performance levels they may be capable of.

As Church Walk makes the transition from a long established Infant school to full Primary status by 2016, our P.E. subject leader has evaluated current provision and determined that our plans for the coming years encompass the following aims.

- To improve staff expertise in teaching all aspects of P.E. throughout KS 1, and especially into Key Stage 2.
- To increase the level of participation in school P.E. lessons, after school clubs/other sports outside school.
- To participate in more outdoor and adventurous activities (OAA). (linking with Forest Schools where possible)

We will do this through using specialist coaches, developing further inter-school competition opportunities, staff training and improved resources to enable after school clubs.

In September 2014, we had £5868 of the previous allocation left to spend; the following initiatives have been put in place, to improve the quality and provision of P.E. ensuring all children progress at a rate appropriate to their development.

- Subject leader received further training in the teaching of P.E. to cascade to all staff.
- INSET gymnastics training for all teaching staff. This has instilled confidence and a clear view of the direction that P.E. development £698.30
- Onside-soccer worked with KS1 and KS2 children to develop football skills through lunchtime and after school clubs. This enabled more children to access football coaching and develop their skills.
- Barrow Football coaches provided after school clubs to develop football for Key stage 1 and 2 children. They also organised and ran Sports day
- Swimming provision for all year 2, 3 and 4 children in the Spring term was subsidized. This has enabled more children to access swimming and help less confident children to develop their techniques and overcome anxiety in the water. £480
- Reception and Year 3 children represented school in a dance platform performance at the high school. This gave them the opportunity to learn dance routines and perform in front of a large audience.
- Gymnastics and badminton clubs were set up for KS1 and 2 children
- We used coaches throughout the year to support development of the curriculum, particularly football, cricket and dance. £1845
- The school was represented by year 1 and 2 children at a local Key Steps Gymnastics competition. We came second in the small schools group

- Purchase of a PE scheme and planning £350
- We purchased team kits for the school football team £280
- Purchase of new P.E. equipment £2215.60
- Key stages 1 and 2 took part in a cricket skills competition in Barrow. This allowed children to participate in developing their cricket skills with children from other schools.
- Staff training --gymnastics coaching and INSET for all teaching staff in January 2015. The impact was that more staff felt confident to plan and deliver gymnastics with appropriate and challenging progression in lessons.
- The development of adventurous activities outside through Orienteering coaching in partnership with UVHS – curriculum sessions.
- Additional after school clubs such as running club for key stage 2. Children who showed an interest were encouraged to join the Ulverston running club.
- Dance teaching in curriculum time from Limitless Dance.
- Training course for two members of staff in how to teach rounders. The impact of this was that staff felt much more confident to teach rounders and develop skills through a structured programme. A rounders after school club for junior children was well attended.

• **During 2015-2016 academic year, we have £8,295 to spend. This consists of £8000 plus £5 for each pupil from Year 1 onwards. We will be concentrating on:**

- New subject leader to work with P.E. specialist from UVHS to develop scheme of work and curriculum P.E. throughout school
- Continue to participate in inter school competitions for Key stages 1 and 2.
- Enter three teams in the Key steps gym competition – Key Steps 1 , 2 and 3.
- Establish a netball team, buy kits and purchase goal posts.
- Purchase football nets
- Ensure that children in Years 2,3,4 and 5 can go swimming and subsidise this.
- Train two more members of staff to obtain a swimming teachers qualification.
